

PROFILE

Quick learner, with an impressive hands-on knowledge base encompassing the entire spectrum of computer science, with special expertise in Development, Software, Operating Systems, and Troubleshooting. Regarded by peers and mentors as a computer and technology connoisseur, and as someone who is committed to excellence in this field, as indicated by extensive skills and proficiency. Works well with people, and displays excellent communication skills, as demonstrated by experience in working with clients to determine their needs, as well as provide training for complex computer software.

EXPERIENCE

DEVELOPER, RP DESIGN INC., CHESHIRE, CONNECTICUT 2007-2009

- Worked as a general PHP/MySQL/(X)HTML developer.
- Developed a custom, scalable, theme-able, Content Management System (CMS), using a combination of open-source software and hand-written code. Developed E-Commerce module for CMS, and adapted CMS to client ideas/wishes.
- Worked with company president to develop new technical marketing, CMS, and E-Commerce offerings. Worked with Director of Development to create new strategy to use open-source code for future projects, rather than writing all code by hand.
- Communicated with clients of RP Design, and fixed code errors on clients' websites. Completed Search Engine Optimization on numerous HTML pages. Worked with team to complete 160+ product e-commerce site in two months.
- Used online services such as weblogs, Facebook, MySpace & Twitter to create and maintain marketing campaigns.
- Provided Customer Support when issues arose.
- Provided training to customers on for complex computer software.

CAMP COUNSELOR, CHESHIRE-SOUTHINGTON YMCA, CONNECTICUT 2006-2007

- Child care in a summer camp environment.
- Facilitated and organized activities.
- Maintained a positive, safe environment for children.
- Worked with parents to ensure needs of their children were met.
